Dear Dr. Tharratt:

Inland Counties Emergency Medical Agency (ICEMA) would like to participate jointly with Santa Barbara County EMS and Coastal Valleys EMS agencies in the pre-hospital trial study of Ondansetron. We hope to provide necessary data to support the need and safety for the use of this medication by our pre-hospital providers. ICEMA will follow the educational curriculum and protocol provided, as well as agree to gather and report the data set requested in this study's proposal.

We look forward to our participation in this trial and appreciate the opportunity to contribute to a process which seeks to improve patient care in the pre-hospital arena. Please do not hesitate to contact me or my staff at ICEMA with any questions or concerns. Thank you for your consideration of this request.

Very truly yours,

Reza Naezazizi, MD
