Director

PREPARED BY: Farid Nasr, MD
Specialty Care Systems

SUBJECT: STEMI and Stroke Regulations

RECOMMENDED ACTION

Receive information regarding Stroke and STEMI Regulations development.

FISCAL IMPACT

None.

DISCUSSION

The EMS Authority is continuing work on the development of STEMI and Stroke Systems regulations.

STEMI & Stroke Regulations:

The EMS Authority is currently working on the section of the regulations associated with EMS Plan submission and its requirements for STEMI and Stroke. A small workgroup has been engaged including EMSA staff and EMSAAC representatives to create a specific format for STEMI and Stroke Plan information submissions. EMSA is in the process of reviewing this template and will reengage the workgroup once we have a completed draft. Once the template is finalized and its requirements placed in the draft regulations, the EMS Authority will have another pre-public comment period for the STEMI and Stroke regulations.

The Commission will be kept informed on the progress of these regulation packages.
