Those 58 cases are divided among 6 Special Investigators are in various stages of the investigative process, (i.e. awaiting documents, preparing for and/or setting up interviews, report writing and corrections to be made, awaiting action by local law enforcement jurisdictions, the courts, etc.).

[Delays in the interview process are common due to unforeseen difficulties in obtaining certified copies of documents, court records, availability of witnesses and/or the subject(s) of an investigation (due to medical action/disability issues, on-going investigations for FFBOR staff or on-going criminal investigations, court actions), plus the routine requirement for two or more follow-up interviews.]
