Continuing Education

PROGRAM OBJECTIVES:

At the completion of Trauma 2016, the attendee will be able to:

List areas of excellence and areas needing improvement for the California State Trauma System based on the American College of Surgeons Consultation Recommendations.

Explain the needed changes to the State Trauma System that can be addressed in the revision of the trauma regulations in Title 22?

Understand the current financial issues for Trauma Centers as they relate to the Affordable Care Act.

Know what we can do to improve the outcomes for our elderly patients who fall and sustain a head injury?

Explain the current status of in-patient rehabilitative resources for trauma patients.

Understand the epidemiology of trauma in California.

State the best ways to promote injury prevention in our communities?

Understand lessons learned from the San Bernardino shooting to bring home to their own organizations for review.

Provider approved by the California Board of Registered Nursing, Provider Number 13574 for 9.5 contact hours for attendance on both days.

Provider approved by the EMS Authority, Provider Number 94-0001 for 9.5 *EMS Continuing Education Hours* for attendance on both days.

CME is being applied for through Community Regional Medical Center - Fresno
