

12 Day Boot Camp Emergency Management Specialist

Program Details:

Today's ever changing and uncertain world creates great demand for emergency management specialists. Whether responding to natural disasters, terrorist attacks, or hazmat spills, emergency management specialists are trained to command and coordinate the operations of any sized emergency event. No matter what title you're looking to achieve, be it Police Chief, Fire Chief, City Manager etc., our training provides you the critical knowledge and hard-skills needed to safely mitigate emergency events effectively.

When you become a certified emergency management specialist, people entrust you with their lives and safety. It's more than just a job – it is a calling. Is it calling you?
